NOTE FOR DCI

SUBJECT: Letter to DCI from Chairman Stevens, SAC

This is a recurring problem, usually the result of an Agency courier not steeped in the peculiarities of Congressional organization.

The delivery attributed to the IC Staff occurred about two months ago when the CIA courier picked up documents from your 345 OEOB office to be delivered to Mr. Stevens and Mr. Addabbo. For some reason the documents were in ICS envelopes. The couriers took it to the members' personal offices and not to the specially designated rooms that handle classified information.

I believe it might be useful to distribute a memo telling people, once again, the ground rules for delivering classified material to the Hill. I will have something prepared for your signature shortly.
